TOWN OF GRETNA

INCORPORATED 1901

Date: September 24, 2026

To: Kavonte Jones Sr.

From: Michael G. Turner, Esq.,
Town Attorney and FOIA Officer

Subject: Freedom of Information Requests

This written notice acknowledges that the Town of Gretna has received seven separate additional requests for information from the Town of Gretna with the most recent request being transmitted by email from Kavonte Jones, Sr., on Sunday, September 20, 2026 at 9:15 am in the morning.

The most recent seven (7) additional requests for information which was your third request for information was received on Sunday, September 20, 2026 are best characterized by the following partial word for word transcript of the September 20, 2026 email, to-wit:

“Please provide or identify the Town’s current record on the following:

1. The name, title, email address, and telephone number of the Town’s designated FOIA officer, and where that designation is publicly posted.
2. Whether the Police Chief and a corporal personally delivered a FOIA response to Kavonte Jones Sr. on September 16, 2026; who authorized that procedure; and whether any written policy required personal delivery, a signature, or witnesses.
3. The itemized basis for the reported \$1,900 estimate—including estimated hours, employee classifications/rates, record volume, and duplication cost—and whether the Town has issued a revised estimate after the September 16 narrowed request.

4. The outcome of any September 9 sampling-verification inspection or bacteriological sample in the Franklin Boulevard area, including collection date, location description appropriate for public release, measured result, units, applicable standard, and any follow-up action.

5. The current replacement-water-treatment-plant record: estimated project cost, committed and pending funding, funding gap, engineering/design status, permit and bid status, and anticipated construction dates.

6. Which final grant applications the Town has submitted, and any award, denial, hold, or commitment notices received. Please also state whether Gretna applied in the same EDA Disaster Supplemental award round in which Hurt received the August 18, 2026 award.

7. Any correction the Town believes should be made to this summary.

Pursuant to the FOIA policies of the Town of Gretna and the laws of the Virginia Freedom of Information Act (FOIA), local governments are only required to provide access to existing public records or documents, and are **not** required to answer general or specific questions.

Therefore, in this response, with respect to Question 1, the question has previously been asked and answered, with respect to Question 2, the question has also been previously asked and answered and with respect to the last part of Question 2, the policies of the Town of Gretna regarding FOIA requests are available on the Town's website.

With respect to Question 3, Question 4, Question 5, Question 6 and Question 7, those questions will not be answered, but you are more than welcome to return to the Town office and view 1380 documents (providing you pay the Town its fees of \$588.33) which have previously been made available to you and which also deal with the subject matter of the foregoing inquiries. Sir, if you will just visit our Town office one more time and simply pay the \$588.33 that you owe the Town, you will in all likelihood find one of more of your desperately needed answers to Questions 3 through 7 in those documents.

The Town hereby voluntarily provides you with the attached written report addressing the concerns expressed in Question No. 6 regarding the September 9, 2026, sampling-verification inspection and/or bacteriological sample in the Franklin Boulevard area.

The testing referenced in the report was conducted on September 9, 2026, at one of the Town's routine sampling locations, however, the sample was not collected or

tested specifically at Franklin Boulevard. We are providing this information for your review and consideration in connection with your Question No. 6 inquiry.

Oh, and by the way, there is no financial charge for the report since its consists of only two pages, as opposed to the 1380 pages that the Town previously made available to you for your possible inspection, but which you have thus far declined to inspect because of your unwillingness until this date to pay the fee of \$588.33 which was due to the Town. As you already know, you have 30 days, to make an appointment and come by to pay your bill and view your documents. We look forward to seeing you then, Sir.

Have a great weekend, Mr. Jones and be blessed and happy always.

HANDWRITTEN SIGNATURE REDACTED

Rev. Michael Turner, Esq., FOIA Officer of the Town of Gretna

PUBLIC COPY: handwritten signature removed. Printed lines overlapping the signature were re-set from the source with their wording retained. The laboratory report on page 4 is reproduced in full.
